

RFID APPLICATIONS

PROFUSION INDIA CONSULTING

RFID Asset Tracking System

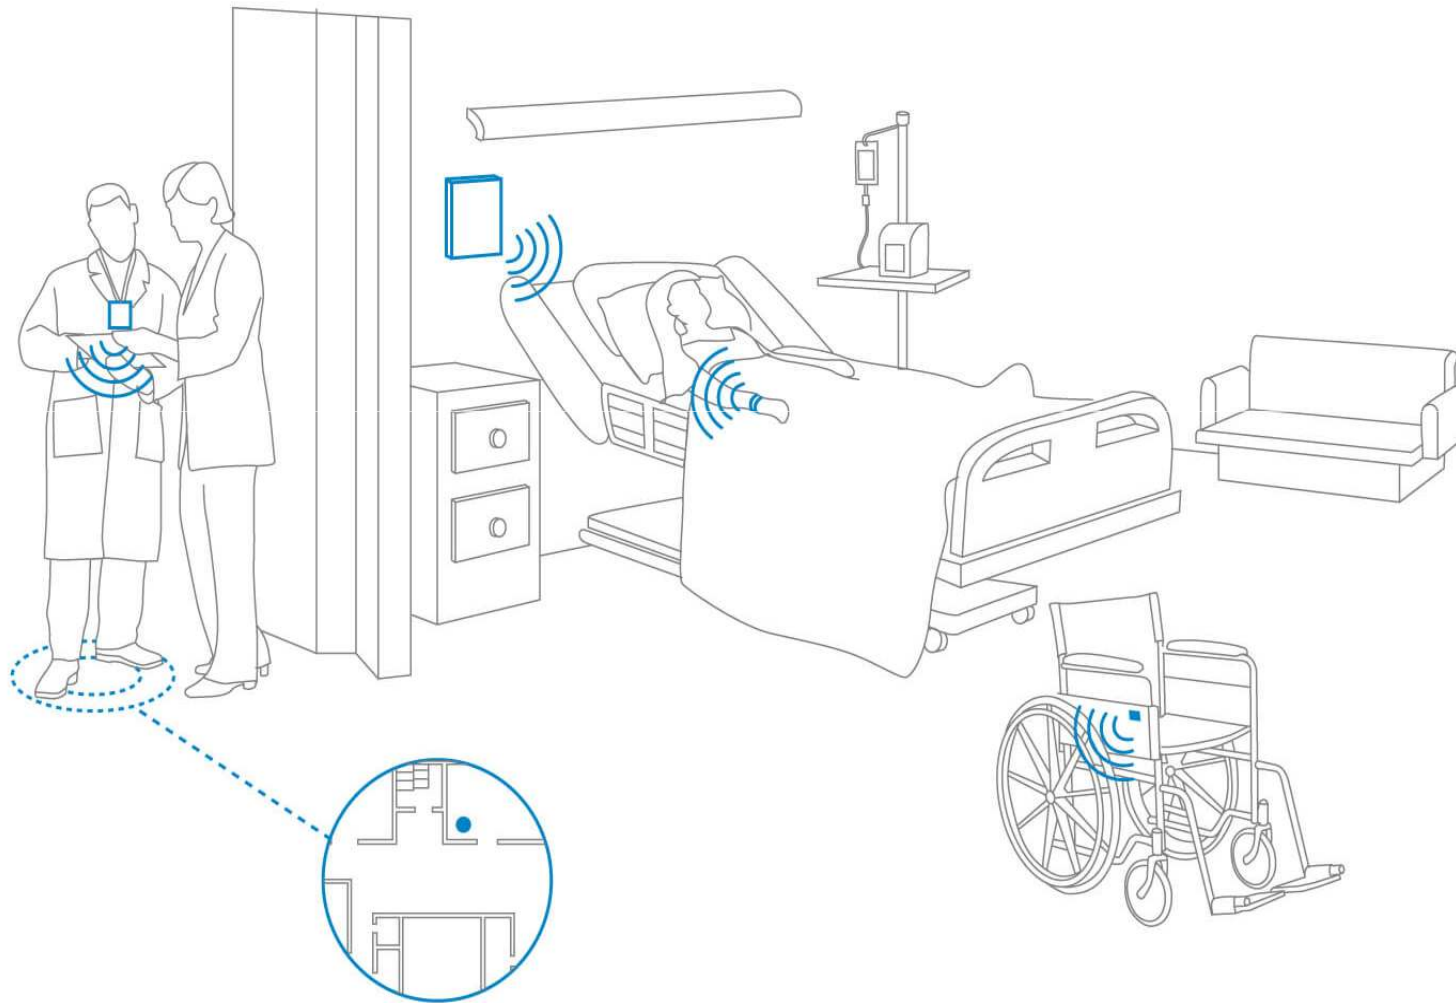

Do you count your inventory once or twice a year?
How accurate do you think your inventory is?
Can you find your tools, equipment, assets when you need them?

RFID helps track, monitor, maintain your assets, equipment, tools with higher efficiency. Round the Clock Your Inventory is up and available

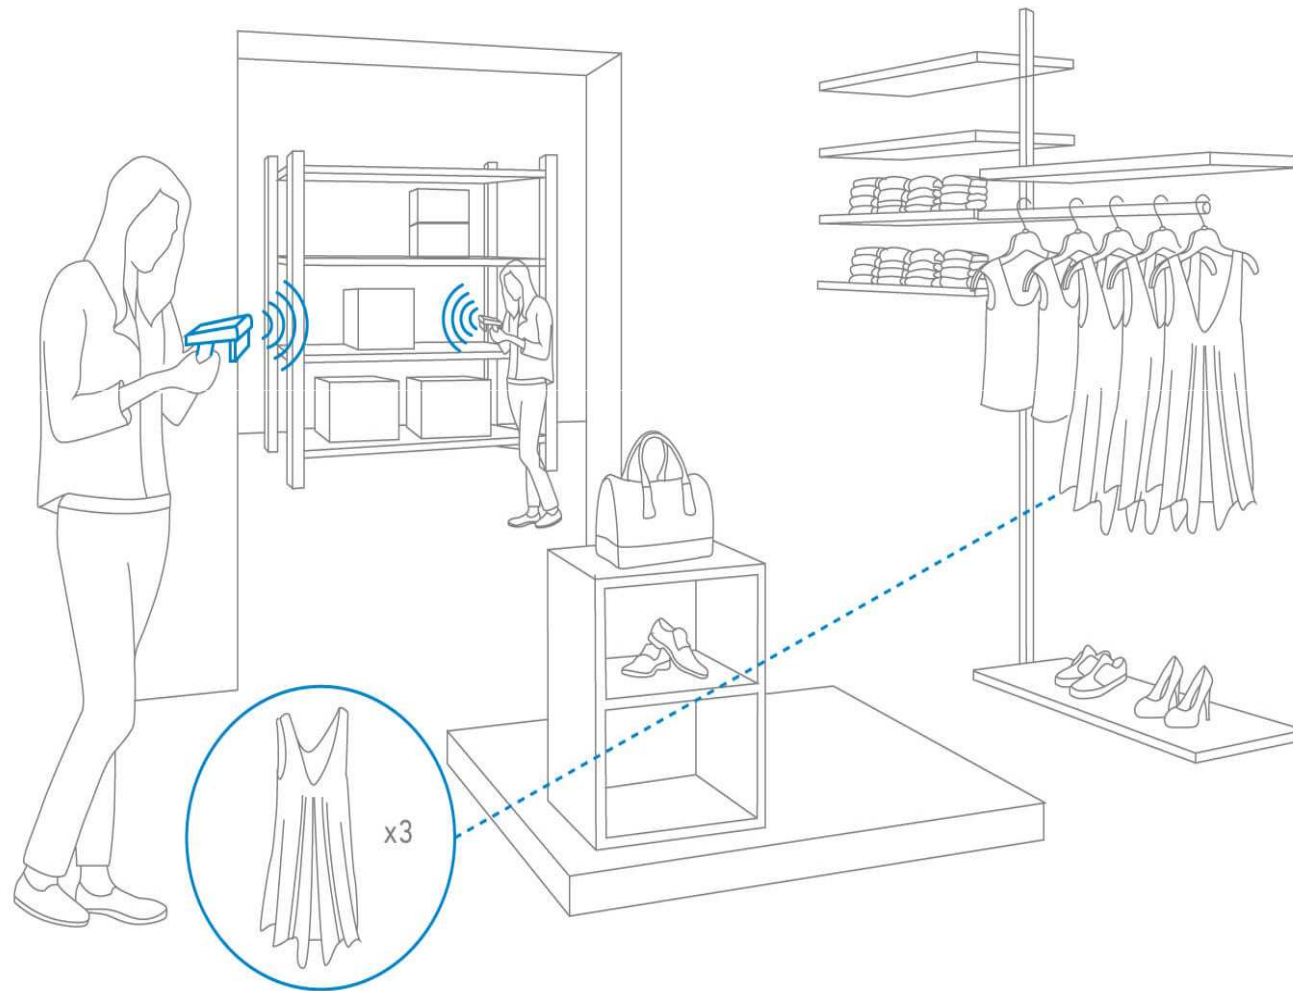

Our RFID Asset Tracking Software keeps you up to date with alerts for maintenance, calibration, and misplacement, while preventing unnecessary procurements.
